We just got the new Gellyball game with the vests and scoring system. What a GAME CHANGER!! This will allow us to run leagues and tournaments where scoring is needed!! We couldn't be any happier with the product and Gellyball is already working on different game modes which will make the product even better!! Great job to Clay, [Tyler Weger](#) and all of the Gellyball staff who had input into the new system!! If you haven't gotten your system yet, don't delay as this will increase revenue for sure.

I am so grateful for finding Gellyball. All the tips and resources have been phenomenal in helping me start and grow my business. Someone mentioned in the group last year about participating in National Night Out. I tried to get in on one then but I never got a reply back to my email. This year I was able to be apart of it. Our shooting booth stayed with the longest line besides the food lol #appreciationpost
